

# THE CHARACTERS:

## **Country Superstar Riley Swift:**

\*You and Dwayne “get each other” and have a close bond, but you are adamant you’ve never had a romantic relationship with him.

\*You noticed he’s been out drinking a lot lately, and you are worried about him.

\*Dwayne recently confided in you that “someone wanted him dead,” but offered little more. You had no assumptions as to whether it was someone close to him or a fan/stranger. He didn’t want to talk any more about it, but his comment stuck with you.

\*You just spoke to Dwayne minutes before his body was found – you two were spotted on the second story deck of his lake mansion. Dwayne expressed his “frustrations” with the many women in his life, both those he worked with professionally and personally, though he seemed particularly agitated with “someone getting in the way of his dreams.”

## **Has-Been Rocker Charlotte Love:**

\*Back in the day, you held all of the music successes now held by Dwayne. You never hesitate to remind people of that every chance you get.

\*If it weren’t for you, half the awards Dwayne won wouldn’t have even been created. You feel strongly that you paved the way for his success.

\*You recently asked to join his tour to promote your “comeback album” but he turned you down. You are very bitter about this.

\*Back when YOU were the world’s biggest superstar, you were grateful for every moment of it. You feel strongly that Dwayne takes it all for granted and he doesn’t deserve the success.

\*You DESPISE the paparazzi and suggest they are often the reason for celebrity suicides – perhaps Dwayne wasn’t pushed.

\*One of the paparazzi reveals they caught you letting the air out of his tour bus tires once – yes you did this, but so what. He deserved it for “getting in the way of your dreams.”

## **Hair Stylist Jenarita Buffont:**

\*You knew Dwayne before he was famous, because he has been your husband’s best friend since high school/college. They are always hanging out together when he’s not on tour, so you know Dwayne both personally and professionally.

\*You claim to know all Dwayne’s “dirty little secrets” because people tell their hairdressers everything. You know exactly who Dwayne loved and who he loathed.

\*When it is revealed Dwayne had a sizeable cut on the back of his neck, people point their fingers at you first – you are adamant you simply got distracted with the clippers, and that it was a very minor, unintentional cut - just a minor job casualty.

\*You know the name of the ONLY person who truly holds Dwayne's heart – but you're sworn to secrecy and wouldn't dare utter the name.

\*It's true that Dwayne fired you right before the award show, out of anger for cutting his sideburns too short, but you insist those arguments happened all the time and you are adamant he didn't really mean it. He'd fired you 20 times before, yet never hired anyone else to replace you as he kept coming back to you.

### **Paparazzi #1:**

\*Dwayne had you arrested once for taking a nude pic of him standing outside his pool house – you've vowed to take unfavorable pictures of him ever since as payback.

\*You're adamant you spotted Dwayne out with Country Superstar Riley Swift – and you definitely caught the PDA on camera, but Dwayne smashed your equipment on the sidewalk, destroying the evidence. But you know what you saw.

\*You once snapped photos of has-been star Charlotte Love letting the air out of the tires of Dwayne's tour bus. Charlotte Love despises you.

### **Paparazzi #2:**

\*You have been stalking Dwayne Starr ever since he became famous, and you're adamant that you've never seen him alone with Country Superstar Riley Swift. You are positive they've never been spotted out romantically.

\*Dwayne once paid you \$20,000 not to publish some “scandalous” pics you took of him – you complied and swore you would never say what you captured in the photos. When asked, you say you will NOT speak of it.

\*You were the last person to photograph Dwayne before his death – he was climbing out of a limo, walking into the party tonight – other than Dwayne, the photo only shows a stiletto and a long tan leg in the car with him – but you can't make out who it is. Dwayne looked agitated/angry in the picture.

### **Groupie #1:**

\*Despite being in love with Dwayne Starr for years, you've always been angry and hurt by his lack of affection for you, despite making it quite clear you would do *anything* for him.

\*You get enraged with jealousy every time you see him talk to Country Superstar Riley Swift. You despise her and think she has ill intentions.

\*You begged Dwayne for an invite to his after party – he finally agreed and let you ride over in his limo. You tried to get frisky with him in the backseat, but he seemed “distracted” and uninterested. This infuriated you.

**PR/Band Manager KiKi Margarita:**

\*You have had MANY ups and downs with Dwayne over the years, struggling to maintain his “good boy” image. Even during the “downs,” you know he’d never replace you – you know too much about him.

\*You know all about Dwayne’s romantic escapades – although it’s in your contract not to utter a single word about the subject. You’ve always complied with this.

\*You’ve been encouraging Dwayne to pursue Riley Swift for years – her good, wholesome image is exactly what he needs to maintain his “All American Boy” stardom. He’s never wanted to follow through with this advice.
